

CFY Informational Sheet

Therapy Associates is a comprehensive New Jersey early intervention provider agency. We provide high quality pediatric evaluative assessments, therapy services, and developmental intervention to children qualifying for early intervention services in Passaic, Bergen, Hudson, Sussex, Essex and Morris counties. We support an interdisciplinary family training model which emphasizes cooperation between practitioners and family members, and focuses on family priorities and concerns.

TA offers SLP CFYs an extensive introduction to the New Jersey early intervention system and we arrange for a quality supervision plan provided by skilled, experienced clinicians. TA's director, Dr. Benjamin Halberstam, CCC-SLP has been an assistant and associate professor at Lehman College, CUNY and St. John's University and has more than ten years of teaching, clinical and supervisory experience.

TA's case managers and administrators are always available to provide ongoing support in dealing with the New Jersey early intervention system requirements and with the families that you will see. Our staff also will assist you in implementing an interdisciplinary approach.

TA has excellent rates and flexible hours, allowing CFYs to create a schedule that best accommodates their lifestyle. You can have full or part time caseload of 15 – 30 hours per week and you can schedule your sessions at times that work for you. We are currently searching for a limited number of highly qualified CFYs. Please call or fax your resume to set up an interview today. We look forward to hearing from you!
